DIVINE PROPORTION

ONENESS

DIVINE HARMONY

MEASURE & MOVEMENT

Make your practise relative and 'doable' for you.
There is no wrong or right way, no quantitative, more or less, 'doing'.
Following the two colours each day, Red / Yellow or White / Blue is enough...

...if you choose to know the 3 words associated with each function and tone, the reference page is repeated each moon. The words are 'prompts' for your own understanding, and meaning relative to you.

Tune to the Harmonic Order Your Way, allowing your understanding to be relative and dynamic.

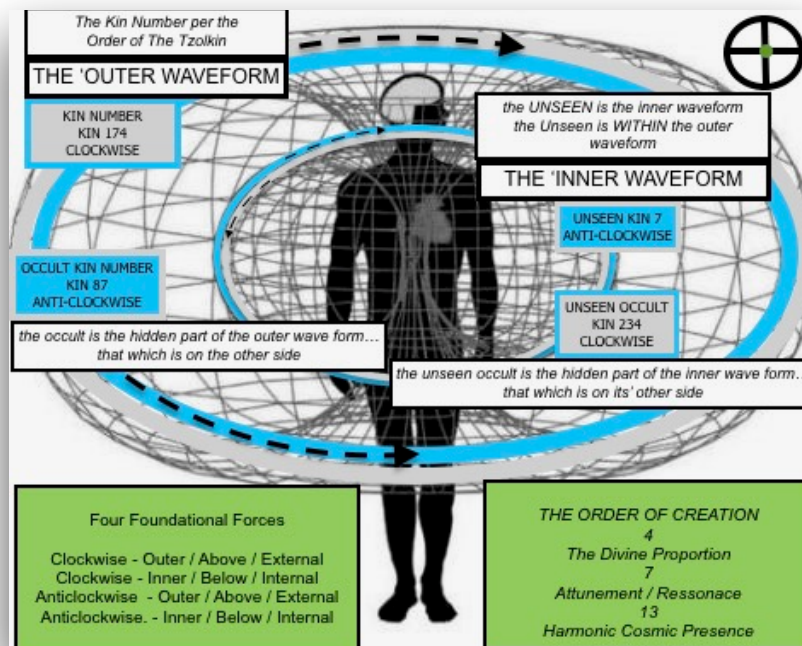

This is a practise that 'could' just make a world of difference to the way we perceive and experience life?

Mind and Body Together as ONE

We are response-able

S5
Place water outside when the 'circled' Tone is tone 1 and
Freeze on the evening when the 'circled' Tone is tone 13

S5 made by you, following the Order, is an embodied attunement.
The constant practise empowers self generative resonance, adaption, & peace .

The Kin are Degrees of Light, both the measure, movement & location.

A Constant Dynamic.
Absolute Perfection, Infinite and Indefinable.
Duality as ONENESS
The Foundation of All Creation
Awareness is the Seed

IT's way, IT's Order, is within all Being.
Following the calendar and embodying S5 are practises that facilitate and empower every body.

Self participatory attunement
Self generative resonance
Mind and Body

we are the peace we seek
What we 'tune to' is a choice

The Occult Kin

87 - 9 Hand
234 - 13 Wizard

Imagine the palm of your hand as 174, moving in a clockwise direction. Now imagine looking at your hand from behind...the movement now appears anticlockwise. This is the OCCULT.

87 - occult of 174
234 - occult of 7

The Dynamic

CLOCKWISE
174 & 234

this 'could' be perceived as the VERTICAL axis.

The 'Potential' of the WORD of GOD

ANTI CLOCKWISE
7 & 87

this 'could' be perceived as the HORIZONTAL axis.
